

Week THREE

LARGE GROUP

Game: Piece Together

THE PAIRS

SUPPLIES

- “Piece Together the Pairs Game Slides” (see “Additional Resources” folder)
- Small prizes/candy

SETUP

- Load the game slides in the presenting software of your choice.

HOW TO PLAY

1. Everyone can play.
2. For each round, a slide will come up on the screen with one part of a pair. For example: “peanut butter” will come up on the screen and the kids will have to jump up and guess “jelly.”
3. If the kids think they know the other part of the pair, they should jump up out of their seats, but NOT shout out the answer.
4. The leader will choose the kid who they saw jump up first to guess what they think is the other part of the pair. If they get it right, give them a small prize/candy. If not, choose another kid to answer.
5. Keep playing until you run out of slides.
